

# SAFe Release Train Engineer

---

## **Facilitating value delivery with Agile Release Trains with SAFe 4 Release Train Engineer Certification**

In this advanced three-day interactive workshop, you will gain an in-depth understanding of the role and responsibilities of a Release Train Engineer (RTE) in the SAFe enterprise. Through experiential learning, you will learn how to facilitate and enable end-to-end value delivery through Agile Release Trains (ARTs) and value streams. You will also learn how to build a high-performing ART by becoming a servant leader and coach, and how to plan and execute a Program Increment (PI) planning event, the primary enabler of alignment throughout all levels of a SAFe organization.

Scaled Agile's SAFe Release Train Engineer exam maintains rigorous quality standards ensuring that those who have earned the certification are well prepared to effectively fulfill their role in a SAFe enterprise.

## Audience

The following individuals will benefit from this course:

- Release Train Engineers (RTEs)
- Program and Project Managers
- Scrum Masters (SMs)
- Leaders and Managers
- Agile Coaches
- Solution Train Engineers (STEs)
- SAFe Program Consultants (SPCs)

## Learning Goals

To perform the role of the RTE, you should be able to:

- Apply Lean-Agile knowledge and tools to execute and release value
- Assist with program and value stream execution
- Foster relentless improvement
- Build a high performing Agile Release Train by becoming a servant leader and coach
- Develop an action plan to continue your learning journey

## Topics Covered

- Exploring the RTE role and responsibilities

- Applying SAFe Principles
- Understanding the ART
- Planning a Program Increment
- Executing a Program Increment
- Fostering Relentless Improvement
- Serving the ART
- Continuing your Learning Journey

### Pre-requisites:

To fully benefit from this class, you should have at least one current SAFe Certification, and, launched or participated in at least one ART and one PI.

### Duration

3 days

### What You Get

- Attendee workbook (physical version only)
- Eligibility to take the SAFe 4 Release Train Engineer exam; attendees must attend all three days to qualify for the exam
